

Tarun Dinkar.

Graphic designer

I'm probably the most passionate designer you will ever get to work with. If you have a great project that needs some amazing skills, I'm your guy.

WORK EXPERIENCE

I have worked in the past.

01

Fiverr, Logo, Flyer Designer

I Worked as Freelancer on Fiverr and Provided the best quality of work and connect over world wide

02

IIIT Ranchi, Graphic Designer

Currently I am Product Design and Management @Co-Ordinator

Skillset

With skills in different fields of design, I am the perfect person to hire when it comes to a full fledged project. Whatever your needs are, I can pretty much take on any challenge.

Product Design

Worked on has taught me a lot about how to understand users, solve problems and build great products.

Motion Design

I started my design journey with motion design in my college. Motion is something that really fascinates me because of the flexibility of story telling.

Visual Design

My experience at illustration(vector design) On Dribbble has helped me learn to develop the eye for design. Colors, typography, layout and the whole package.

Photography

Clicking pictures really brings out the creative in me. Photography really makes you look and perceive things in a different way.

MY PROJECTS

Work that I've done for the past years

Twitch Creator Design

I worked with the twitch content creator and discussed to design a logo design for this twitch content

Annual Event @IIIT Ranchi

I Created the design the Event happening Annually in month of october

MATHS Tutoring Post

This was My First Project for creating Math tutoring post (International Design)

Performance Design

I Also worked in College Fest/design community and designed the various fest/cultural poster. This is one off them
